ABOUT ME

A third-year undergraduate and an enthusiastic and motivated learner with a keen interest in evolving technologies, particularly in full-stack development. I am committed to addressing complex challenges with a proactive and solutions-oriented approach. With a natural inclination for problem-solving and a commitment to finding effective solutions, my goal is to apply my technical knowledge, contribute to innovative projects, and further develop my professional skills in a dynamic IT environment.

EDUCATION

Bachelor of Science (Hons) in Information Technology - University of Moratuwa	2023 - Present
G.C.E. Advanced Level Examination - De Mazenod College - Kandana, Sri Lanka	2021

G.C.E. Ordinary Level Examination - De Mazenod College - Kandana, Sri Lanka	2016
• 9As	

PROJECTS

Mindfull Connect - Online Counseling Platform

2nd Year Software Development Project - Codezela Technologies

MindfulConnect is an online counseling platform built to bridge the gap between individuals seeking support and mental health professionals. It is powered by the sole objective of making mental health services more accessible, reliable, and convenient, while overcoming barriers such as geographical distance and limited availability.

- **Role:** Full Stack Developer
- **Skills:** Next.js, MongoDB, Stripe, Git, Stripe, Zoom REST API, Tailwind CSS
- **Repository:** [GitHub](#)
- **Website Link:** [Live Demo](#)

ERP System

Designed and developed a comprehensive management platform to streamline customer, order, supplier, inventory, and employee salary management, including report generation to support informed organizational decision-making.

- **Role:** Front-End Developer
- **Technologies:** Next JS
- **Repository:** [FrontEnd](#)

Point of Sales (POS) System

Developed a POS system to streamline sales and inventory management for retail businesses. The system handles product cataloguing, billing, and reporting, enabling faster transactions, accurate record-keeping, and improved operational efficiency.

- **Role:** Full Stack Developer
- **Technologies:** HTML, CSS, JavaScript, Bootstrap, PHP, MySQL
- **Repository:** [GitHub](#)

GoMate - Multi-Modal Public Transport Application

Designed and developed a comprehensive mobile travel companion application enabling users to search and book public transport across multiple travel methods (Bus, Train, Metro, Tram, Ferry), view real-time schedules, explore UK destinations, and manage favorite routes and places with an intuitive dark mode interface.

- **Role:** Full-Stack Mobile Developer
- **Technologies:** React Native, Expo CLI, Transport API UK
- **Repository:** [GitHub](#)

eBookNest - AI-Powered eBook Creation Platform (Ongoing)

eBookNest is a platform that allows users to plan, write, and export complete eBooks with the help of Google Gemini AI. It features secure JWT authentication, AI-powered outline and chapter generation, a modern Markdown editor with live preview, drag-and-drop chapter management, customizable book details, and export options in PDF and DOCX formats.

- **Role:** Full Stack Developer
- **Technologies:** React JS, Node.js, Express, MongoDB, Tailwind CSS, Google Gemini AI, JWT, Git

Goods Distribution System for Garment Factories

Microcontroller Based Application Development Project

An automated clothing transportation system designed to enhance factory worker welfare and streamline production. This system automates goods exchange, provides real-time supervisor notifications, and enables individual work progress tracking for a more efficient and humane manufacturing environment.

- **Role:** ESP32 Developer, PCB Designer, 3D Modeller, Navigation Logic Developer
- **Technologies:** ESP32, C++, EasyEDA, Arduino IDE, Firebase,

TECHNICAL SKILLS

- **Programming Languages :** JavaScript, TypeScript, Java, C
 - **Front-End Technologies :** Next JS ,React JS ,HTML, CSS
 - **Back-End Technologies :** Node JS,PHP, Laravel
 - **Database :** MySQL, MongoDB
- **Project Management :** Clickup, Trello, Jira
 - **Design tools :** Figma, Canva,
 - **Other Related Skills :**Postman
 - **Version Controlling:** Git

SOFT SKILLS

- Problem Solving
 - Leadership
- Teamwork
 - Effective Communication
- Time Management
 - Critical Thinking

EXTRACURRICULAR ACTIVITIES

- **Faculty of Information Technology - University of Moratuwa** **2024 - Present**
 - Member - Software Team - IES Labs
 - Member - FIT Tunes 24/25
 - Junior OC Committee Member - FIT Future Careers - 2024
 - **Catholic Students’ Movement - Colombo Region**
 - Media Director (2024-2025)
 - Organizing Committee Member - Colombo Regional Carol

WORK EXPERIENCE

- **People’s Bank - Kandana**
 - Worked as a trainee at People’s Bank , Kandana (August 2022 – February 2023)
